

CAT® UNDERCARRIAGE COMPONENTS FOR LTTT

HEAVY DUTY TRACK

MARKET POSITION

Undercarriage designed and built by Caterpillar that delivers longer wear life and lower cost per hour* than competitive brands in tough applications such as medium abrasion and high impact.

INDUSTRY'S TOP UNDERCARRIAGE ASSURANCE
4 YEARS/4000 HOURS

*Cost per hour based on D6 value analysis

PROVEN DURABILITY IN TOUGH CONDITIONS WITH EXTENDED WEAR LIFE AND LOWER OPERATING COSTS

UP TO

100% LONGER LIFE

- Positive Pin Retention (PPR2) resists end play and link movement in the pin
- PPR2 controls seal motion for longer intervals/ pin and bushing wear
- Strong track links resist fatigue and cracking

15 – 30% LOWER OPERATING COST*

- Increased pin and bushing retention for added wear life
- Link and bushing life matched for long wear life and performance
- Positive Pin Retention improves oil retention

INDUSTRY-LEADING

PERFORMANCE

- Best results in high-impact, hard-rock materials and applications where link wear or fatigue is the principal driver of end of life
- System available for D8 – D11

*All comparisons to GD undercarriage
